

Scholarships for Undocumented and DACA Students

The Keeping the Dream Alive committee believes that all students have the right to attend college regardless of their immigration status. We have created this scholarship listing from local and national scholarship resources to assist Colorado high school students and college students to help pay for college.

Scholarships are organized by month in alphabetic order. You will see a Colorado symbol next to local Colorado scholarships; we encourage our Colorado students to apply to local scholarships first and then the national scholarships as they have a greater competition of other students applying. In addition, we encourage students to apply to the institutional funds of their most desired post-secondary institution. We hope that this guide will lead you one step closer to achieving your educational dreams. If you find a local/national scholarships open to our Colorado students that is not listed, please let us know at ktda.co@gmail.com. If you are planning to enroll out-state, please visit the following scholarship links for more out-state resources.
