University of Denver's **Office of Diversity, Equity, & Inclusion** has teamed up with the **Black Student Alliance, Black Graduate Student Association, and ACLU of Colorado (American Civil Liberties Union)** for a community conversation to learn about the issues that impact you and your communities.

Expanding the Table for Justice is a statewide listening tour organized by ACLU of Colorado to gather feedback about the pressing issues that are occurring throughout the state and the change that Colorado communities hope to see.

Following the listening tour, ACLU of Colorado will publish a public report that will guide their work over the next three years. **Learn more at [https://:ACLU-CO.org/Expanding-The-Table-for-Justice](https://aclu-co.org/Expanding-The-Table-for-Justice).**
