

## Workers' Compensation Medical Providers

If you do not go to an approved medical provider listed below, your medical costs may be denied by DU's WC insurance.

**For EMERGENCY MEDICAL TREATMENT, call 911. Then call Campus Safety at 303-871-3000 if on campus.**

For **life-threatening** or **serious injuries**, please seek immediate treatment. This includes all needlesticks (Workwell, Concentra, and Injury Care Associates all have needle prick procedures).

For **non-life-threatening** medical treatment, select one of the below clinics for medical care.

**If you go to any emergency room, you must also go to one of the clinics listed as soon as possible. Your workers' compensation claim cannot proceed without the WC clinic's evaluation of the injury.**

When possible, call the clinic before going in for treatment. Most are open 8 am to 5 pm, Monday – Friday.
